I just took off the Spica fuel injection off my little Alfa Alfetta Coupe and put a pair of Solex carbs on. The Spica ran great passed emissions easily and even started not to hard but the pressure pump was leaking gas into the crank case and making the engine smoke. A rebuilt Spica pump is \$900.00.

Spica was a mechanical fuel injection system used by an Alfa Romeo originally on trucks then adapted for use on USA destined automobiles in 1969 and then from 1971 to 1981. From 1982 onward Bosch Electronic Fuel Injection took the place of Spica.

[Spica Fuel Injection Revisited Seminar – NYAROC](#)

When Alfa Romeo introduced Spica fuel injection on US cars, it was considered a mystery and the belief, at the time, was that it was unreliable and beyond the understanding of the average enthusiast. Wes Ingram changed this perception, and through his book and rebuild service has kept many cars from being converted to Weber carburetors.
