In the history of Europe, the Middle Ages or medieval period lasted approximately from the 5th to the late 15th centuries. It began with the fall of the Western Roman Empire and transitioned into the Renaissance and the Age of Discovery. The Middle Ages is the middle period of the three traditional divisions of Western history: classical antiquity, the medieval period, and the modern period.

The image of a tripartite society divided by function has become a hallmark of medieval European history. I think that an understanding of this tripartite division of European society is important both for our understanding of medieval European history, but also for the subsequent history of the Continent, especially in the 18th century.
